Coughed 25 years— I suffered 25 years with a cough, and spent hundreds of dollars with doctors and for medicines to no avail until I used Dr. Bell's Pine-Tar Honey. This remedy makes weak lungs strong. It has saved my life.—J. Rosell, Grantsburg, Ill.

Dr Witt's Witch Hazel Salve is an unrivalled for piles, injuries and skin diseases. It is the original Witch Hazel Salve. Beware of all counterfeits. Wood & Winsatt.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by Haydon & Robertson, druggists.

IN THE COUNTRY.

It seems to me I'd like to go
Where bells don't ring, nor whistles blow,
Nor clocks don't strike, nor gongs don't sound,
And I'd have stillness all around.

Not real stillness, but just the trees'
Low whisperings, or the hum of bees,
Or brooks' faint babbling over stones
In strangely, softly tangled tones.

Of maybe a cricket, or katydid,
Or the songs of birds in the hedges hid,
Or just some such sweet sounds as those
To fill a tired heart with ease.'

If 'tweren't for sight and sound and smell,
I'd like a city pretty well,
But when it comes to getting rest,
I like the country lots the best.

Sometimes it seems to me I must
Just quit the city's din and dust,
And get out where the sky is blue;
And say, now, how does it seem to you?

—Eugene Field.

GREAT POW WOW—The members of the Delaware Tribe of the Improved Order of Red Men at Lebanon are to have a great pow wow on the eighteenth Sun of Hot Moon or in the language of the paleface June 18th which will be next Monday. An invitation has been sent to the tribes at this place and at Bardstown to attend and to take part. The Lebanon tribe has been growing fast and one of the features of the coming pow wow will be the initiation into the order of forty palefaces. Arrangements are being made for a gigant street parade in which all the Red Men are to take part. This is to be followed by some work in the wig wam and by a big banquet.

∴

ENTERTAINMENT—The members of Black Hawk tribe by the way are busy making preparations for an entertainment to be given on the opening night of the new Barber Opera House some time about the first week in July. The assistance of some of the ladies of the town has been secured in getting up the entertainment and something novel is promised. Among the features on the program is an Indian Huntress drill in which sixteen young ladies in Indian costume are to part. Other features will consist of tableaux of Indian life and scenes and a short play with musical selections.

∴

YARD FOUGHT—One of the hardest fought cases that has been tried in court here for years was that of the Common wealth against Arch Colvin for murder which terminated last Saturday in a verdict of ten years in the penitentiary. Messrs. John W. Lewis, W. C. McChord and T. W. Simms, Jr., who were engaged in the defense, certainly made a great fight for their client, and that a conviction was the result was due to no lack of effort or exercise of ability on their part but rather—as the jury evidently thought—to the nature of the case itself. The prosecution was no less ably conducted, Commonwealth's Attorney W. H. Sweeney being assisted by County Attorney T Scott Mayes and I. H. Thurman. The Springfield bar, by the way, considering its size, contains some of as able lawyers as the state affords.

∴

OCATION.—The NEWS-LEADER job printing office has just issued in pamphlet form the oration delivered before the Bevil-Palmer Post G. A. R. on last memorial day at this place by Rev. J. R. Volz O. P. of St. Rose. The address is a most eloquent memorial in behalf of the soldiers who helped to preserve the union in the great struggle of the early sixties as well as a patriotic tribute to our great country, as all who heard the oration when it was delivered will testify.

∴

HARVEST—This is harvest week for the farmers of Washington county and the wheat yield promises to be a heavy one. The abundant rains of the past few weeks came in good time, especially for some of the later fields, and while the straw is a little light the heads have filled out finely and will doubtless turn out fine grains and in abundance.

∴

MOVED UP A NOTCH.—Postmaster Waters has received notice from the department that the Springfield postoffice has been moved up a notch and the salary increased. This is based on the receipts of the office which have shown a steady increase, all of which goes to show that the business of the town is growing better each year.

Quick Relief For Asthma.

Miss Maud Dickens, Parsons, Kans., writes: "I suffered eight years with asthma in its worst form. I had several attacks during the last year and was not expected to live through them. I began using Foley's Honey and Tar, and it has never failed to give immediate relief." Haydon & Robertson

Small Pox in Marion.

We are informed by one of the members of the County Board of Health, that there are eight or ten cases of small pox in the Holy Cross vicinity, this county. The disease originated from a child that was taken to a Louisville hospital for treatment, the child going from the above named neighborhood, returning in a few weeks with a disease that the physicians termed chicken pox. The child in question remained long enough, however, to be exposed to many other people, and consequently the dreaded disease soon spread rapidly. With the exception of one case, the malady is of a mild form. The County Board of Health has issued a proclamation urging strict quarantine regulations in that part of the county, and these orders will be obeyed, say the health officers. —Lebanon Observer.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something to relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by Haydon & Robertson.

A fatal policy is to neglect backache or other sign of kidney trouble. Foley's Kidney Cure is sure remedy for Bright's disease, diabetes and gravel. Haydon & Robertson.

Chautauqua.

The fourteenth annual session of the Kentucky Chautauqua will be held at Woodland Park, Lexington, Ky., June 20th to July 6th. A splendid program has been arranged that will surpass any yet given. Some of the most notable lecturers and entertainers in America have been engaged. A great musical program will be presented, and many new special features.

Fatal mistakes are made by those who do not heed the earlier symptoms of kidney or bladder trouble that often end in Bright's disease or diabetes. When Foley's Kidney Cure makes the kidneys well, how foolish it also did lay. Haydon & Robertson.

Taylor's Retirement.

Mr. Taylor has at last determined to retire from active politics. In a statement issued by him yesterday, he declares that while it was his original intention to accept the nomination of his party, if it were tendered, subsequent events, his health, and the necessity of his making a living for himself and his family have forced him to change his mind, and he now absolutely declines to stand for the nomination and would refuse to accept the honor should his party again choose him as its leader. The Republicans of Kentucky, while they have great sympathy for their late candidate, no doubt feel that in the circumstances, his nomination for governor if it did not prove fatal to the success of the party would, at least, prove very burdensome, and now that the question of his candidacy has been settled, satisfactory and effectually, there will be rejoicing in the camp. They are now free to choose a leader who will be a credit to them and in whom the people have confidence.—Danville Advocate.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cts. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., New York, N. Y.

Men may differ on politics, religion or finance, but all who have tried Bauner Salve are agreed as to its worth for cuts, burns, piles and skin diseases. It's the most healing medicine in the world. Haydon & Robertson.

A Superb Shorthorn.

The principal attraction on the street Monday to those interested in fine stock was the fine Shorthorn bull, Zenus 129 117, out of Zulinda, of the Phyllis family, owned by Mr. C. A. Wilson, one of our most progressive farmers. This animal was about the finest specimen of the bovine we have ever seen, being as near perfection as the animal creation gets to be. At three years old he weighs 2,000 pounds, and no fancy picture could flatter his appearance. By his side was a calf of his get, no less perfect than his sire, seven months old and weighing 720 pounds. This calf was recently sold to Mr. Foster Ray for $100, but that gentleman would not now take $200; indeed $150 was refused for the animal the day after it was sold to Mr. Ray. Mr. Wilson bought the bull mentioned when a calf from Warfield, of Lexington, the noted dealer in imported cattle. He has also at his farm, which is one of the best kept in the county, several registered Shorthorns of the famous Grundy herd, as fine animals as are in the country. Mr. Wilson's exhibition Monday seemed to us to point two lessons—that the Shorthorn is the farmer's breed of cattle; that no degree of success is unattainable in stock raising to the farmer who combines in the pursuit of his avocation, judgment and industry.—Lebanon Falcon.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Haydon & Robertson.

Starvation never stirred a rajeysia Persons with indigestion are already half starved. They need plenty of wholesome food. Serious Charge.

A press dispatch from Nicholasville, under date of Wednesday, says: Conductor Will D-neen, on passenger train No. 3, due here at 11 01 p. m., was shot last night just as the train stopped at the station here. Jesse Arnold, a prominent young man of Lancaster, and Joe Rice, of Boyle county, purchased scalper's tickets at Lexington to some point in Texas. The conductor would not accept the tickets because they were old ones, and told them they would have to get off the train here. They refused to do so, and Jesse Arnold is accused of shooting the conductor in the back. Arnold was given bail in the sum of $750.

Black Hawk Tribe.

Mr. A. J. Domeck publisher of the Southern Red Man and who visited this place some time ago publishes the following in the June number of his paper.

Blackhawk Tribe conferred the Warrior's Degree on two palefaces on the 24th sleep of Flower moon.

Blackhawk's Degree Team bids fair soon to become one of the best drilled teams in this reservation. Although but recently organized, they can confer the degrees in a manner that will cause the older degree teams to look out for their laurels.

Blackhawk Tribe is preparing to give an entertainment some time in Buck moon. The entertainment committee reports progress. Further particulars will appear in our next issue.

The new By Laws have been received are ready for distribution.

The Warrior's and Chief's degrees were conferred on Bros. J. S. Osborn and Byron Croak on the 2nd sleep.

Blackhawk Tribe meets in an ideal wigwam, and one well adapted for the degree work, being 80 feet long and 30 feet wide, with an elegant ante-room and paraphernalia room. These quarters have been leased for 3 great suns with the privilege of as many more great suns as they desire Arrangements are being made to beautify this wigwam, which, in a short time, will be one of the prettiest in the reservation.

The William Goat, who played such a prominent part in the institution of Choctaw Tribe, at Bardstown, has been adopted as a mascot, Bros. S. T. Noe, R. C. Craycroft and J. J. McCabe have been elected as guardians of his "Goatship." Their duties will be to see that he is properly cared for and that he remains on his best behavior until his services are again demanded.

On another page of this issue we publish the portrait of Bro. R. C. Craycroft, the popular Chief of Records. Bro. Craycroft is not only a faithful Red Man, but a good citizen, a successful dentist and a clever and accommodating gentleman. He is held in high esteem by all who come in contact with him in a business way, or socially, and richly deserves his popularity.

Bro. Sam Harman is now residing in the reservation of California. We wish him success in his new home.

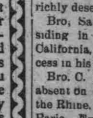
Bro. C. Harth in and wife are absent on a trip to Frankfort on the Rhine. They will visit the Paris Exposition and other places of interest abroad before returning. They expect to return in Buck moon.

During Summer we are liable to Stomach and Bowell trouble, such as Diarrhoea Colic, Cramp etc., for which Dr. M. A. Simmons Liver Medicine is highly recommended.

To be a Sultry Month.

June is to be extremely sultry, and will abound with storms, according to the prognostications of W W. Marsh, the Cincinnati weather prophet. The Western states are to be visited again by devastating cyclones, while the gulf is to have a hard time of it along the same lines. Hurricanes are booked for the great lakes and Atlantic coast. Between the 4th and 8th of June heavy rains will flush the Ohio Valley, accompanied by high winds. This will affect Kentucky. A terrible cyclone is dated for Nebraska. This cyclone will equal, if not surpass the terrible cyclone of June 12 it and 13th, 1899. A hot wave is to strike the entire country between the 18th and 21st, and another between the 27th and 28th.

GRAY STREAKS



Why let all your neighbors and friends think you must be twenty years older than you are? Yet it's impossible to look young with the color of 70 years in the hair. It's sad to see young persons look prematurely old in this way. Sad because it's all unnecessary; for gray hair may always be restored to its natural color by using—

Ayer's Hair Vigor

For over half a century this has been the standard hair preparation. It is an elegant dressing; stops falling of the hair; makes the hair grow; and cleanses the scalp from dandruff.

$1.00 a bottle. All druggists.

"I have been using Ayer's Hair Vigor for over 30 years and I can heartily recommend it to the public as the best hair tonic in existence." Mrs. G. L. Alexander, Excel, Tex. April 26, 1899.

If you do not obtain all the benefits you expected from the Vigor, write the Doctor about it. Address, Dr. J. C. AYER, Lowell, Mass.

THURSDAY, JUNE 14, 1900.

THE Bloomfield branch railroad over which there has been so much litigation of late has been discontinued by the new owners and the citizens of Shelby, Spencer and Nelson counties find themselves almost shut off from communication with the outside world. Farmers and citizens of those counties are sustaining great loss by reason of the stopping of the trains and delegations are negotiating with the road managers to see if some arrangement cannot be made whereby the railroad service will be resumed. It is to be hoped that an understanding may be reached.

CHAIRMAN C. M. BARNETT, of the Republican State Central Committee, has issued a call for a meeting of the committee for the purpose of fixing a date and place for holding a convention to nominate a candidate for Governor. It looks now like Yerkes will be nominated by acclamation, as the mention of his name has been received with enthusiasm among Republicans all over the State.

THE British are still having a time with the Boers in South Africa. After having them once whipped; so they thought the Dutchmen have been breaking out again and have captured and killed more of the enemy. The latest encouraging news is that Lord Roberts' broken communications are about to be repaired, and that Gen. Buller is at last master of Laing's Nek.

THE Democratic State convention to elect delegates to the National convention at Kansas City meets in Louisville today. A large attendance is expected and interest is great. Washington county will be represented by a large delegation.

THE Democrats of Wisconsin have endorsed Bryan and the Chicago platform. There seems to be no heading the boom for the Nebraskian as the next Democratic nominee for President.

ADMIRAL SCHLEY has written a letter declining to allow the use of his name for any office. He has probably taken a lesson from the bad break Dewey has made by being tempted.

THE Democrats of Henry county have endorsed Judge W. S. Pryor for Governor. There seems to be no lack of timber in the Democratic forest.

Democratic Convention.

At a meeting of the Democrats of Washington county, Ky., held for the purpose of sending delegates to attend the Louisville convention June 14th to send delegates to the National convention which meets July 4th 1900. The convention was called to order by T. W. Simms Jr., who stated the object of the convention. Whereupon T. W. Simms, Jr., was elected chairman of said convention and W. D. Claybrooke Secretary. The convention adopted the following resolutions:

Resolved, First. That we approve the call of the State executive committee for a convention to be held in Louisville Ky., June 14th 1900.

Resolved, Second, That we reaffirm our allegiance to the National Democratic Platform of 1896, and renew our loyalty and support to W. J. Bryan the greatest American exponent of the cause of Democracy and the rights of the people.

Resolved, Third, That the Hon. C. C. Spalding of Marion county, Ky., be selected as one of the delegates from the Fourth Congressional district to the national convention to be held in Kansas City, Missouri.

Resolved, Fourth, That the following be and the same are hereby selected as delegates from this county to attend the State convention at Louisville on the 14th of June 1900. Judge B. L. Litsey, T. S. Mayes, T. W. Simms, Jr., C. C. McChord, I. H. Thurman, W. D. Claybrooke, C. J. Haydon, W. E. Seleeman, M. G. Leachman, R. D. Riley, C. R. Cheatham, D. L. Payne, Joe Hayes, Dick Isham, C. F. Bosley, Sidney Osbourne, H. B. Powell, J. R. Moore, James Wall, J. R. Smith, Marion Brady Sidney Green, Sam Bottoms, S. T. Noe, H. M. Noe and all other good Democrats.

The following amendment was offered by I. H. Thurman and adopted: That the above named delegates be and are hereby instructed to cast the vote of Washington county in said Louisville convention for the Hons. J. B. McCreary and N. B. Hays, as delegates from this State to attend the said National convention at Kansas City, Mo., July 4th 1900,

On motion the convention adjourned. This June 9th, 1900.

If Worries a Woman

To find her beauty fading, and feel her strength slowly slipping away. Worry only makes matters worse. In such a crisis the wise woman acts. She looks around for help, and finds in it in Dr. Pierce's Favorite Prescription. No other medicine has done so much for weak and feeble women as "Favorite Prescription." It cures female weakness and diseases of the delicate organs, which undermine woman's strength and mar her beauty. It makes weak women strong, sick women well.

Mrs. W. J. Kidder, of Hill Dale Farm (Tioga county), Binghamton, N. writes: "Your kindly advice and medicines have brought me great relief. During the past year I found myself pregnant and in rapidly failing health; I suffered dreadfully from bloating and urinary difficulty. I was growing weaker each day and could scarcely move about, pain at times. I felt that something must be done. I wrote you asking and received a prompt reply. I took twelve bottles of Dr. Pierce's Favorite Prescription, and also followed your instructions. I began to improve immediately; my health became excellent, and I could do all my own work (we live on a good sized farm). I refined and rode all I could, and enjoyed it. I had a short, easy confinement, and have a healthy baby boy."

Crop Report

Commissioner of Agriculture J. W. Throckmorton in his report says of wheat: "As the time for harvest draws near the prospect is for a further diminished yield. In Ohio, Indiana and Michigan, where the prospects have been very poor throughout the season, the ravages of the Hessian fly destroyed a few fields that offered a fair yield. A greater portion of the acreage in these States has been ploughed up and seeded to other crops, much of it being done at the close of May. In Illinois the prospect is barely as good as a month ago. Missouri has a fair crop, slightly below an average. Kansas crop promises a good yield, but frequent mention is made of presence of injurious insects.

The spring wheat belt has suffered from a severe drouth which was partially broken at the close of May and during first days of June. In those sections where rain fell the prospect has improved, but the damage to much of the crop was past recovery. In the unrelieved sections the prospect is very gloomy. Over large areas of North and South Dakota and Minnesota the crop is reported as turning color and being overrun with weeds.

The condition of wheat has declined from 100 on May 1st to 89 on June 1st. The decline is due mainly to ravages of Hessian fly, although some damage is attributed to the dry weather prevailing during May. Some complaint is made of short heading, and where growth was rank it is badly lodged and tangled.

It is estimated that 17 per cent of the acreage has been injured by the Hessian fly.

All who suffer from piles will be glad to learn that DeWitt's Witch Hazel Salve will give them instant and permanent relief. It will cure eczema and all skin diseases. Beware of counterfeits.

Neglect is the short step as many take from a cough or cold to consumption. The early use of One Minute Cough Cure prevents consumption. It is the only harmless remedy that gives immediate results. It cures all throat and lung troubles. Children all like it and mothers endorse it.

Since the last issue of the NEWS-LEADER many Democrats of this district have asked me to say for them through the columns of this paper that the time is fast approaching when the Democrats of the various districts of Washington county will meet in convention to choose a candidate for county attorney. Mr. W. B. Rinehart's name has met with the approval of all. Should the young men of this county be kept back? We answer unhesitatingly, that as long as Washington county is Democratic, and as long as Kentucky has for her motto, "United we stand, divided we fall" we will be true and loyal to them.

It seems that ignorance and crime rage through Willisburg, and truth falls as a victim. Every Saturday many come into town and soon become under the influence of whiskey and then they take the town. In this deplorable state of affairs the enlightened few, who still preserve a knowledge of decency and truth, have united for the welfare of the community. We can not prosper as long as either man or woman runs a blind tiger. To my own knowledge certain whiskey dealers have been reported to past grand juries but no action taken. What is the cause?

W. A. Moir, of Iaeo, O., says—"I was one of the countless victims of early vice at 15 years of age. The drain on my system, were weakening my brain as well as my sexual and nervous system. For ten years I tried scores of doctors, electric belts and patent medicines. Some helped me, none cured. I was giving up in despair, at last, contemplating suicide when a friend advised me as a last resort to give the New Method Treatment of Drs. K. & K.'s a fair trial. Without confidence I consented and in three months I was a cured man. I was cured seven years ago—am married and happy. I heartily recommend Drs. K. & K. to any afflicted fellow man."

Strawberry Fishing in Chile.

A singular custom prevails in Chile which in those days of aseptic precautions will cause a shudder among those who are infection lurking in every detail of life. It is called strawberry fishing and is conducted in this fashion:

At the close of a dinner the cloth is removed, and there is placed upon the table an immense bowl into which are emptied half a dozen bottles of Bordeaux wine, four of cherry and two of rum, besides sugar and nutmeg. Into this mixture is put a very large strawberry, which floats upon the surface. The bowl is provided with two ladles. These are used to lift the vessel and tilt it so that the strawberry may be brought near the edge and sucked into the mouth. This would appear an easy feat, but it is a difficult one, as the fruit rolls over when touched with the lips. The contestant in the effort swallows a considerable quantity of the liquid concoction.

This is the reason for the game, for the bowl is passed from one to the other many times in succession before the strawberry is captured. When that moment finally arrives, all of the guests have reached a stage of hilarity. This is the game as it is played among the higher classes. Among those of a lower social standing the fiery liquor of the country is substituted for wine. With them strawberry fishing develops into a function compared to which a fighting mixed ale party in this town is the recreation of a group of peace seeking Quakers. —New York Sun.

Lincoln's Coolness.

Thomas F. Prendle, for 35 years a doorkeeper at the executive mansion, used frequently to accompany President Lincoln on his walks about town and has many interesting things to tell of that great man, whom he believes to have been one of the bravest men the world has ever known.

On one occasion Prendle was walking with the president down a flight of steps at the navy department when the former suddenly sprang to him who was evidently endeavoring to hide himself in a dark corner at the bottom of the staircase. Observing the strangeness of leaving be meant harm to the president, Prendle essayed to place his body in a position to protect his companion.

Mr. Lincoln, however, brave and fearless as always, stepped forward and closely scrutinized the man, who ran rapidly up the steps and, turning quickly around when he reached the top, looked down upon the president, who did not falter, but continued to gaze sharply at him. On their return to the White House Mr. Lincoln laid quite calmly, "Prendle, do you know I received a letter last night warning me against a man who exactly answered the description of that fellow we met on the steps?"—Leslie's Weekly.

Desperate.

"After I landed in Algiers," said a Pittsburg business man who is visiting Detroit friends, "I went out for a little walk to see the town and incidentally to find a barber shop.

"After spending some time in fruitless search I accosted a man and politely asked him to direct me to the nearest place where I could get shaved. Monsieur did not comprehend, and I repeated my question. What he said I do not know, as he understood no English, and I am equally ignorant of French. We parted.

"I walked on until I met an intelligent looking chap whom I stopped. Slowly, distinctly and in a loud tone of voice I again stated my request. Anybody ought to have understood, but he did not. He threw a volley of French at me, gesticulated madly and left me standing there.

"With the third man I changed my tactics. I did not attempt to talk to him in a foreign tongue that he was too stupid to understand. I clutched him by the arm and held him while I performed a pantomime shave. When I finished, I looked at him inquiringly. "Yes," he said, 'I can see that you are a desperate man. I suppose you want me to take you to a scuffled spot where you can cut your throat?'

"Never did the English language sound sweeter to me, and, learning what I wanted to know, I was soon happily wending my way to the nearest barber shop."—Detroit Free Press.

Nerves Unstrung.

Weak Stomachs Pain in the Chest; Sleepless, Nervous, Irritable; all run Down. Cured by

Dr. Miles' Nervine.

Nearly every disease is the sign of poverty, either of the blood or of the nerves. When the brain cells and nervous tissues are starved by poor blood then they are repaired, not only the brain and nerves, but every vital organ of the body cries out for help. Headaches, neuralgia, heart disease, nervous dyspepsia and liver and kidney troubles run rampant in the helpless system, destroying whatever strength remains until at last the break-down comes and then——

Dr. Miles' Restorative Nervine, being a world of good for such weak, nervous people whose brain and body are overtaxed, but who may yet be saved from a state of indescribable wretchedness, and restored to lives of happiness and industry. By soothing and strengthening the secretive glands of the digestive organs it facilitates digestion and assimilation, and thus the nervous system is rapidly built up again and put to work without confusion, thus bringing all the important organs into harmony and restoring perfect health.

"About seven years ago I was all run down with nervousness and heart trouble and was so bad that I had to give up work. I was nervous, sleepless and irritable all the time and although several doctors treated me I did not improve any under their care. Hearing Dr. Miles' Nervine highly spoken of for such troubles I concluded to try it and grew better from the start. When I had used three bottles of the Nervine on hand, and when I felt as well as ever, I gave it away, as I was in unusually good health. I took Dr. Miles' Nerve and Liver Pills along with the Nervine and found them the best Liver Pills on the market."—ALBERT CRANE, Newark, Ohio.

Dr. Miles' Nervine is sold at all drug stores on a positive guarantee. Write for free advice and books it.

The Water, Works and Electric Light Co. managers are making progress with their plans. All of the necessary money has been raised and it now only remains for them to select a site for locating the reservoir. A practical engineer has been here and is now engaged in drawing up plans and specifications. There is no doubt about the enterprises being pushed to completion.

Miss Katie Nunan and Mr. Porter Hill two prominent young people of the Fenwick neighborhood were married yesterday morning at 10 o'clock at the Catholic Church at that place Rev. Father Ford officiating. The bride is a daughter of Col. Matt Nunan and is a charming woman with many friends. Mr. Hill is a prosperous young farmer. Mr. Leo Haydon of this place acted as best man at the wedding. The NEWS-LEADER extends congratulations.

Sheriff H. B. Powell left yesterday morning for Missouri to bring back Henry Shewmaker under arrest there and wanted in this county to answer the charge of murder. It will be remembered that several months ago Henry Shewmaker had a difficulty with his cousin a young man of the same name at Mackville and struck the latter a terrible blow with a scale weight inflicting a wound from which he died after several days. Shewmaker fled the county after the death of his victim and was not heard of until news came of his arrest in Missouri. There had been a reward offered for his capture. Sheriff Powell went armed with the proper requisition papers and is expected to return with his prisoner in a few days.

The entertainment given at the closing of the High School on last Friday evening was attended by a large audience and the exercises were highly creditable both to the pupils and instructors. The program was made up of recitations, dialogues and debates by the pupils of Prof. Grant's school, interspersed with musical selections rendered by the members of Miss Jennie Craycroft's music class. The young folks who took part show the effect of the excellent training they have received. Prof. Grant and his wife have labored diligently this, the first year of their school at this place, and the results of their work is evident by the progress made among their pupils. The patrons of the school will be pleased to learn that Prof. Grant has bought the school property and will locate permanently in Springfield and will devote all of his energies to building up the school.

William D. Muratta.

A telegram was received here yesterday announcing the death, at his home in Webb City, Missouri, of William D. Muratta, and saying that his remains would reach this place at noon today to be interred. Will Muratta is well remembered by all of the older inhabitants of Springfield. He was born and reared here remaining until 1886, when he moved with his mother and brothers and sisters to Webb City, Mo., where he has resided since, being engaged in the drug business. He was about 42 years of age and a young man of generous impulses and one who made friends readily. Just two years ago this month he was in Springfield on a short visit for the first time since he moved away. He was then apparently in good health and his death must have been unexpected. No particulars of his death and sickness are known. The Masons of this place will conduct the funeral, he having been a member of that fraternity.

Botts-Gray.

The fine old home of Mr. and Mrs. S. R. Gray three miles from Springfield was on last Thursday morning the scene of a beautiful ceremony by which Miss Katherine Gray, one of the handsomest and most popular young women that has ever claimed Washington county as her home, became the wife of Dr. J. W. Botts, a rising young physician of Owenton. Quite a number of intimate friends of the young people from Springfield, Harrodsburg, Owenton and other points had gathered at the hospitable home in response to invitations, to bid them God speed. The time set for the ceremony was 11 o'clock in the morning and promptly at that hour the wedding party made its way into the parlor where the Rev. W. E. Mitchell awaited to pronounce the words that were to unite the happy pair "for better or for worse." The bride, always beautiful, looked radiantly so in a pure white gown of silk with bridal veil, carrying in her hands a cluster of bride's roses. The attendants were the bride's sister, Miss Florence, who was attired in pink, and Dr. Frederick Keppel, of Owenton. The ceremony was simple yet impressive, and after the words pronouncing them husband and wife had been uttered Rev. Dr. Harvey added a few words of benediction and prayer.

After the ceremony a sumptuous wedding breakfast in courses was served and music and congratulations indulged in until time for the wedding party to leave so as to catch the 2 p. m. train at Lobanon.

Since coming to Springfield to live three years ago Miss Gray, that was, has by her beauty and attractiveness and natural charm of manner made friends and admirers by the score and it is with sincere regret that friends here see her go. Dr. Botts is a young man of prominence in Owenton and it is said enjoys a large and growing practice in his profession. Dr. and Mrs. Botts will make their future home at Owenton.

Court Notes.

All of last week was consumed in trying the Colvin murder case and it was not until Saturday afternoon that the jury after being out about four hours returned a verdict giving the prisoner a sentence of ten years in the penitentiary. The case was hard fought from beginning to the end and a large number of witnesses were examined. Two arguments were made on a side, Messrs John W. Lewis and T. W. Simms, Jr., speaking for the defense and common wealth's Attorney W. H. Sweeney and T. S. Maves arguing for the State. Grounds were filed and arguments were made for a new trial by defendants attorney's on Tuesday and Judge Thompson still has the question under consideration. It is likely that the case will be appealed in the event a new trial is refused.

Other cases tried and disposed of this week were: The Commonwealth against William Hocker charged with carrying concealed a deadly weapon. A trial by a jury resulted in a verdict of not guilty.

George Colvin was tried on two charges of unlawfully taking property of another but was found not guilty in both cases. It seems that Colvin who has been engaged in the business of buying up old iron removed certain old pieces of machinery which belonged to a Mr. Arnold and Mr. Uriah Shewmaker the latter claiming that he had no right to same, Colvin on the other hand claimed that he had bought the property from other parties

A case which was taken up on yesterday is that of Cecelia Barber a colored woman against the L. & N., railroad Co., for damages said to have sustained in the wreck which occurred on that road at Gap in the Nobs in December last. The jury found for the defendant. Another case against the railroad company and one which will be taken up today is that of W. S. Lowe a former employee of the railroad company who lost his arm in an accident at Lebanon Junction some months ago.

Court will probably adjourn tomorrow. The grand jury has already been dismissed.

Got to Be an Old Story.

Over 20 years ago an American civil engineer, who visited Cabecern, in Venezuela, was asked by a deputation of the inhabitants, who had heard of his skill as a surveyor, whether he thought a canal could be made from their village to Provecue, which would save a very long river journey. He visited the district and found that by taking advantage of two small streams a canal of about a league would be all that was necessary.

The committee were delighted with this report, and they begged the surveyor to write an official letter to the government on their behalf, asking that they might be permitted to begin the work at once.

Ten years after this the surveyor was again at the village of Cabecern, and the first question asked him was: "Do you not think a canal could be made from here to Provecue?"

On his informing them that he had been asked the same question ten years before and had taken some time and trouble about the matter, the chairman replied that on account of politics, the death of his father, etc., the government letter had probably been overlooked. Search was made, the letter was found and once more all was excitement. Nothing was talked about but the canal.

Some years later yet the surveyor was again at Cabecern. Immediately on his arrival a deputation waited upon him. "Do you think a canal"— The speaker never got any further with that question.—Youth's Companion.

Took a Costly Nap.

To begin with he's "a good fellow." That's a phrase easier understood by men than by women. It generally means—well, it means he's an all round good sort in the male line.

Saturday afternoon he was feeling pretty good. He had been quite thirsty if what he had taken was to be judged as a criterion. And the libations left him in a thoroughly good humor, and he felt at peace with the world.

In this delightful mental and physical state he bethought him of a friend of his in Providence, and he further thought that he would call up that particular friend on the telephone.

So he went to a Broad street hotel, told the young woman there who had charge of the telephone that he wanted to speak to Mr. So-and-so in Providence and wouldn't she kindly call up the party.

The girl did as she was bade.

"Party's on the 'phone," she said, and the man went into the telephone box, sat down and put the receiver to his ear.

And then he calmly and sweetly dropped off to sleep.

When he woke up, he owed the telephone company $32.90.

He said he wouldn't pay it, but he did.—Philadelphia Press.

The Great Historl.

An Italian theatrical journal relates a number of anecdotes regarding Ristori. She was only 14 when she appeared as Francesca da Rimini and 20 when she first acted the role of Maria Stuart in Schiller's play, on which occasion the manager advised her to leave tragedy alone. Thirteen years later the French emperor begged her to learn the French language at the expense of the government and become a member of the Theatre Francais, but she was too patriotic to accept.

On one occasion in Madrid she was asked to plead for the life of a soldier who was to be shot the next day. The ministry refused her request, but in the evening, when she was acting Medea, she appeared during an intermission in the queen's box, prostrated herself and secured the desired pardon.

A Thought That Haunted Him.

I heard the other day a pleasant story of President L. Clark Seelye of Smith college. When Dr. Seelye became the head of that college, he was naturally impressed with the responsibility and possibly with the difficulty of his new task. As everybody knows, he is a man of perfect piety and fine reserve of speech. But one night in the early weeks of his presidency he tossed uneasily on his pillow, and his wife heard him murmur in his sleep: "Good God! Seven hundred girls!"—Boston Transcript.

Kept No Books.

The recent death of a member of a Sedalia (Mo.) firm disclosed the fact that for 30 years the firm had kept no account books. It did a strictly cash business and divided the day's receipts each night, share and share alike. When a bill of goods was purchased, each member of the firm paid one-half of the money, carried in his pocket.

Washington Letter.

From Our Regular Correspondent.

There was excitement enough in the closing hours of Congress to please the most exacting. The Senate fought and wrangled and Senators engaged in personal and political abuse right up to adjournment, and enmity was aroused that will last the lifetime of some of the participants. Although politics was at the bottom of the squabbling, in several instances Senators took advantage of the opportunity to even up personal scores. The wrangle over the armor plate clause of the Naval appropriation bill, which was the last passed, was finally compromised by leaving it to Secretary Long to decide whether he will pay the price asked for armor plate or spend $4,000,000 in establishing a plant for the government to make its own armor plate. A small appropriation for surveys in the same bill delayed adjournment a day.

The House finished its business ahead of the Senate, but it had an all-night session at which there was more excitement than business. A quorum was lost and the Sergeant at-Arms and his assistants were chasing all over Washington arousing absentees so as to make a quorum in order that a recess might be taken, a quorum having been made necessary by the raising of a point of order. For a time there were threats of extending the session indefinitely, but they were not made good. The session was 198 days long, the shortest long session for years.

Congress provided for the promotion of Gen. Miles to Lieutenant General and Gen. Corbin to Major General, although it was a close fight up to the last minute, owing to opposition in the House to these promotions and to the clause in the same bill increasing the number of cadets at West Point, which also went through Representative Lentz, of Ohio, made a bitter and sensational speech against the increase of cadets, but the House finally agreed to it, although the additional appointments to West Point are to be controlled by the President and Senators entirely.

Gen Joseph Wheeler is now a full fledged brigadier in the regular army, having been nominated and confirmed by the Senate to fill the vacancy made by the promotion of Gen. E S. Otis to be a Major General.

Southern members have called the attention of the Commissioner of Pensions to the wholesale robbery of ex-slaves by the agents of the so-called ex-slave pension organizations, but the knowledge was not new to Commissioner Evans, who says that the colored people of the south have been bled to the extent of more than a million dollars by these unscrupulous men, who cannot be reached by any law. The only remedy is for intelligent persons to try to impress upon the minds of the ex-slaves that there is no possibility of Congressional legislation providing a pension for them and that money spent for the alleged purpose of pushing such legislation is absolutely thrown away.

Many of the gifts presented to Admiral Dewey since the battle of Manila are now on exhibition the National Museum. It is a valuable and interesting collection, including two swords, one given by Congress and one purchased by popular dime subscriptions; a gold loving cup, from the citizens of New York; a gold medal encrusted with jewels, from the same source; silver loving cup purchased with popular subscriptions; silver vase from citizens of Savannah, Ga.; gold lined silver punch bowl, from citizens of St. Louis, several watches, and a number of medals and trinkets. Two large cases are required to exhibit the collection.

The majority report of the House Military committee says martial law and military rule in the Coeur d'Alene mining district of Idaho was right and proper, and the minority report says it was wrong and needless. The dividing line is politics.

Old Building Burned.

The dwelling on the old Ambrose Smith farm, near St. Mary's College, was completely destroyed by fire last Tuesday morning. Sparks falling on the roof caused the fire. This property was built in the long ago by the Jesuits who then conducted St. Mary's College. In their day it was a model residence. When the Jesuits left St. Mary's this portion of their estate was purchased by Mr. Ambrose Smith who held it until his death. A few years later the building was sold by Mr. Ben P. Mattingly who afterward sold it to the Resurrectionists, the present owners of St. Mary's College. Loss about $1500 with $500 insurance. —Lebanon Enterprise.

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. I now have from one to three passages a day, and if I was rich I would give $500.00 for such improvement; it is such a relief." ATHEL L. HUNT, 1020 Division St., Bucyrus, Mich.

The Bloomfield branch.

At Shelbyville Saturday Circuit Judge Carroll confirmed the commissioner's report of sale of the Bloomfield Branch. This means that the road is now the absolute property of certain bondholders, headed by P Booker Reed, and that it no longer belongs to the Shelbyville and Bloomfield Railroad Company, which some time ago bought it. The judge refused to order the latter company to turn over the property to the new owners, but it is freely predicted that the Shelbyville and Bloomfield Company will do so at once. If so, the new owners would have to operate it, or else pay the Southern or L. & N. to do so, or else be subject to immediate indictment and daily fines for failure to do so. It is predicted that the road will soon be the property of the L. & N., which, when it once owns it, will extend it north to Campbellsburg and south to Gallatin.—Spencer Courier.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Electric Bitters has cured Mrs. Brewer of scrofula, which has caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but now her health is excellent." Electric Bitters is the best blood purifier known. Its the supreme remedy for Eczema, tetter, salt Rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the streggth. Only 50 cts. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following la grippe, and find it very effectatious." For sale by Haydon & Robertson, Druggists.

What he gets in Return.

Why a man pays taxes and what he gets in return is figured out in this manner by an exchange: "A man with $1,000 worth of property is likely to pay out $10 to $15 a year taxes. For this if he lives in town, he gets the services of the police for securing quiet and observance of the law; he gets protection from fire; he gets education for his children; officials to look after the streets and side walks; new laws enacted by legislature; the benefit of court at a nominal figure for the litigant. If he lives in the country he gets bridges, roads and many of the above enumerated advantages also. Sometimes the taxpayer finds it hard to spare the money for taxes, but he would find it a great deal harder to get along without what the money pays for."

The L. & N Won.

The L. & N. railroad won an important case in the court of appeals by one vote. The cases are from Marion county, involving the legality of an indictment for unjust discrimination in freight rates. Judge Paynter delivered a dissenting opinion, in which Judges Guffy and White concurred.

The majority of the court holds that where the railroad company ships wheat to a mill and flour from the mill, it is not a violation of the constitutional section which prohibits discrimination in rates.

The dissenting opinion, in effect, holds that if it is not a discrimination to ship fuel for a less rate under the circumstances in this case then the constitutional section is invalid for the purposes it was intended.—Frankfort Dispatch.

It Will Triumph

The day of the festive cut worm has arrived, and he is reported as busy at work among the tobacco plants trying to do all the harm he can. His arrival has to be noticed like that of any other distinguished visitor, but nothing new can be said about him, or his habits, so our last year's comments regarding his depredations will apply equally well for the present year. No undue alarm need be indulged in, his time is short. After his departure other pests will put in an appearance and in due course the majestic tobacco worm will indulge in his annual parade through the fields, but we venture to predict from past observation that the weed will triumph over them all.—The Weed.

Miss Merker's Prize Offer

For the school girls and school boys of Kentucky.

In order to encourage a love of the native trees and wild flowers of Kentucky, Miss Margaret Merker offers two cash prizes of $10 each, one for the best herbarium of twenty-five Kentucky wild flowers, and one for the best specimens of the leaves and fruits of Kentucky forest trees. These to be submitted during the last week of October, as hereafter designated. The committee making the decision will be named later. The children who are interested in the above offer, and who in good to try for Miss Merker's liberal prizes, are referred to the excellent articles on wild flowers written by Miss Jennie Cochran for the Sunday Courier Journal. Miss Cochran has made a study specialty of the wild flowers of her native State and her articles are reliable and well illustrated.

In response to many questions Miss Merker states that all school children in the State whether in public, private or parochial schools are invited to compete for the two $10 prizes for the best two herbariums of wild flowers and forest leaves and fruit.—Courier-Journal Sunday June 3d, 1900.

An Easy Conscience.

"You told me," remonstrated the lawyer in an injured tone, "that you had spent nearly every cent you embezzled from the firm. That is why I charged you only $200 for clearing you." Yet you spend money now like a man with a truckful of it."

"Certainly," responded the other. "Did you think it would hurt my conscience any worse to cheat a lawyer than it did to steal from the people I was working for?"—Chicago Tribune.

The Hungry Half Hour.

The hungry half hour before an office comes before bedtime can be appetizingly catered to by the "cheese crackers." Take any of the popular luncheon crackers on the market, and their name is legion, and spread with a little butter and sprinkle lightly with grated Parmesan cheese. Place on a dish in the oven long enough to warm them slightly. They are good when this prepared if kept for several days. —New York World.

What Old Sawyer Said.

Senator Sawyer considered himself personally responsible for a republican majority in Wisconsin and was quite sensitive on that subject.

During the Garfield campaign I was sitting one day in his simple, old-fashioned Oshkosh when a gentleman, then unknown, but now occupying a prominent position in public affairs, appeared with a letter of introduction from Marshall Jewell of Connecticut, chairman of the Republican national committee, who stated that the bearer had been instructed to visit Wisconsin for the purpose of making a report upon the political situation and the prospects of the Republican ticket. This pricked the old man's pride. He resented, in his good natured way, the invasion of his territory, and I noticed that his face flushed as he read the letter. After looking out of the window for a few moments he looked at his watch, handed back the letter of introduction to his surprised visitor and remarked with deliberation:

"There's a train leaving here at 5 o'clock that will get you into New York day after tomorrow morning, and I'll send up one of my boys to see that you get aboard. When you get to New York, you tell Jewell that old Sawyer read that letter and said there was nothing for you to report on. Good night and, however, that old Sawyer asked you who was looking after things in Connecticut."—Chicago Record.

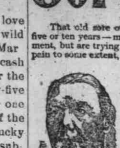
Sores and Ulcers

DRAIN THE SYSTEM, ENDANGER LIFE.

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.



A Gunshot Wound.

A sore heals promptly when the blood is in good condition, but NEVER if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure. S. S. S. makes a quick and permanent cure of old sores and ulcers, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of so-called remedies, but none did me any good. I had heard S. S. S. highly recommended, concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of the blood; soon afterwards the sore was healed up and was entirely sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time. J. H. McBRAYER, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sores heal. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever.

The Lexington Investment Company does business on a life insurance plan by reversing the plan.

Five Insurance Companies pay large sums to the few of their members who die.

We pay a smaller sum to all of our members as their coupons die.

The Lexington Investment guarantees to pay to its members three dollars for every one received by them.

The Lexington Investment Co. is an improvement over all other plans of Investment Cos.

1. Because it pays more money.

2. Because after the third payment the member is eligible to receive a cash income which increases his payments in the meantime, decreasing until the certificate is killed.

3. Because it redeems its coupons in a regular consecutive order and has no so called unmeral drawings or lottery features attached to it by which it is possible to favor the few at the expense of the many.

4. Because after three years, if the certificate is not killed, the holder may obtain a "paid up" certificate and cease paying on same, his remaining coupons being redeemed thereafter in their regular order.

Our strength, like life insurance, lies in our membership; but unlike Life Insure our field of business is unlimited, as everybody is eligible to membership. No medical examination required.

T. SCOTT MAYES,
Local Agent at Springfield.

HUSBANDS SQUEALED.

During the last few months card parties have become a very popular amusement in Vienna, and it is said that many society ladies have lost a good deal more money at poker and other games than they could well afford. Their husbands remonstrated with them, and certain eloquent divines labored hard to convince them of the error of their ways, but all their efforts were unavailing, and the ladies continued to play as recklessly as ever. A few weeks ago the matter was brought to the attention of the police in a letter which informed them that a young count had lost a very large sum of money while playing poker at a club frequented by ladies, and as a result a stringent order was issued prohibiting card playing in all clubs. Furthermore, the chief of police invited some very well known ladies to call on him, and when they appeared he very politely but firmly informed them that the authorities could not sanction such high play as was carried on constantly in their salons. The ladies indignantly denied that there was ever any gambling in their houses, but the chief replied by handing them a list of those who were constant companions at the card tables, as well as a complete statement of the sums which had been lost and won there during the last few weeks. Utterly dumfounded, the ladies returned home with one thought uppermost in their minds—that they would not rest until they had discovered who had betrayed them. Consequently they went to work with a will, and they soon learned much to their surprise and chagrin that it was their own husbands who had requested the police to put a stop to their fascinating games of poker.—San Francisco Argonaut.

Holland is Slow.

A business man of Holland now in Washington says: "Electricity is just getting a foothold in Holland. Electric tramways are a wonder to the natives. They will leave their work to watch the cars go by. Incandescent lights have been put in two or three houses. The novelty is an attraction to the simple Hollander. He cannot understand it. It is to him a marvelous display of legerdemain. The Hollander is slow to take up with any new idea. He lives as did his forefathers—the same customs, habits and mode of living. He wants nothing to disturb his harmonious arrangement, but when an innovation is brought forth if it is a good thing he will adopt it. America is far more interesting than our country—that is, of course, to a Hollander. Over there you see the people plodding along in their wooden shoes; here you see the people smiling. The Hollander is behind in all things; here you are up to the times. It will take our people a great many years to adopt the various innovations of the Americans, but the time will come when every Holland village will be Americanized."

Talks Like a "Doomer."

"The government owns many thousands of acres of land in New Mexico," says a citizen of that territory. "This land has never been taken up. It is the finest country in the world for stock raising. The land can be secured for almost nothing. A young man going in there with a few hundred dollars to invest would make a fortune in a very short time. He need not confine himself entirely to the stock business. There are a great many good openings in mining. Many of the mines have never been developed. Their wealth has never been estimated. There are deposits of gold, coal and iron to be found. A little energy and the expenditure of some money would develop these properties. New Mexico is the place for the young man of brains and perseverance who wants to make money."

A Whistle Sixty-five Miles Long.

An odd incident occurred on the Chicago and Northwestern railway at Highland Park, Ills. As the engineer of the train which reaches Milwaukee at 11 o'clock blew the whistle the valve broke, and he was unable to shut off the steam from the noise maker. From Highland Park to Milwaukee, a distance of about sixty miles, there was not a moment when the whistle was not sounding full strength. It could be heard for miles away as the train came on. In a long, continuous, shrill sound, and at every city and village people ran to their doors to learn what was happening. While the whistle was blowing the fireman was straining every nerve to keep the steam up to the running point and succeeded in bringing the train into the station on time.—Milwaukee Sentinel.
